

Dear Mr. Powell,  
why are you pushing so hard to monopolize the media even more? No discussion,  
ignoring members of congress?  
It is unbearable enough to have to watch such biased news on TV every night, especially during a war when the media is supposed to be critical and fair. 90% of the media controlled by a few rich companies ?  
Isn't that how it works in fascist countries ? We common folks can always watch BBC or read on the internet. Thank god. As for your motives, who knows.  
I am actually afraid to find out. You are a typical member of this secretive, ruling elite.  
No discussions allowed. Democracy? No, a disgrace.

Sincerely,

Robert Henle
